

The Josh and Britt Marder Excellence in National Philanthropy Award is presented to a Collegiate Chapter for an outstanding National Philanthropy service project. Each Chapter may choose an exemplary service project that it has successfully completed during the past year and write a detailed summary of the project to be considered for this award.

This award is meant to be awarded to a Chapter with an outstanding service event directly benefitting the National Philanthropy or coinciding with the spirit and purpose of the National Philanthropy. If you would like to submit a nomination for any other service event, please submit for The C.H. McClure Single Service Award.

If you have additional materials/photos to submit with your award nomination, please attach them at the end of this form.

Nominations must be received by May 15 (semester schools) or June 15 (quarter schools) to be considered for the Awards Banquet at National Convention of the same year (i.e. May 15, 2016 is the deadline for awards given at the 2016 National Convention Awards Banquet).
