RECRUITMENT ADVISOR

The role of the Phi Sigma Pi Chapter Recruitment Advisor is one of great responsibility. It can also be quite rewarding. The following document is a guideline to help you have a successful term.

According to the Phi Sigma Pi National Constitution, there are two components of recruitment. It should be noted, however, that this document is not all-inclusive for each Chapter. These should be considered the minimum duties and your school/Chapter may choose to assign further duties at their discretion.

PHI SIGMA PI NATIONAL CONSTITUTION, ARTICLE IX, SECTION 4

- A. Each Collegiate Chapter shall hold a minimum of two (2) membership drives per academic year, with no more than one (1) membership drive held each semester or quarter. A membership drive consists of a recruitment period and an Initiation period.
- B. The recruitment period begins on the date of the first advertised recruitment event and ends with The Ritual Pinning Ceremony.

PHI SIGMA PI NATIONAL CONSTITUTION, ARTICLE IX, SECTION 5

Each Collegiate Chapter shall be required to meet the following minimum recruitment and Initiation requirements:

- A Recruitment. Each Collegiate Chapter shall, at least
 - i) Hold two separate Information Sessions at the beginning of the recruitment period with the purpose of demonstrating to prospective Initiates both the ideals of Phi Sigma Pi and the requirements of the recruitment and Initiation processes.
 - ii) Hold two recruitment events for the purpose of allowing prospective Initiates to become better acquainted with the Collegiate Members.
