

Phi Sigma Pi Subrosa Endowment Fund

The purpose of this endowment fund is to give money anonymously to Phi Sigma Pi Brothers in need.

The name of the Subrosa Fund is derived from *The Ritual*, where it is explained that a white rose in a golden vase is set on the altar to symbolize that the ceremonies are held in "Subrosa" or "under the rose." This rose represents an ancient symbol of secrecy. Thus, monies given to a Brother as an expression of our care and concern would be done so in secrecy.

This fund is intended to provide a one time grant to help offset unexpected financial challenges. Please understand that this fund is not set up to cover larger financial costs as a result of tuition or medical bills.

Please complete the application and submit to:
