

Incorporating the Fraternal Songs

The fraternal songs are one of the things that bond all Members of Phi Sigma Pi as a Brotherhood. Many Chapters have found ways to incorporate the songs into the work of their Chapter, and many Members have fond memories of singing the songs together at events or as part of meaningful ceremonies. Here are a few ways to incorporate the fraternal songs into your Chapter to strengthen bonds among Collegiate and Alumni Members:

1 New Members

Learning the Fraternal songs is a requirement of the Initiation Program. Help to make this part of the program fun for Initiates by using fill-in-the-word games, holding a team singing competition or closing Initiate Meetings with song practice. Get creative and make it your own so that new Members can sing along!

2 Current Members

Don't stop the fun after Induction! Consider starting Chapter with a fraternal song icebreaker or ending Chapter with a sing-along. You could even have a friendly family singing competition.

3 Alumni Members

Include singing the fraternal songs in the planning of Alumni events so that Alumni Members can reminisce their days as undergrads. Alumni Members might even be able to share the ways that the Chapter incorporated the fraternal songs when they were Collegiate Members way back when.

Get Everyone Singing Along

Maybe you have a lot of new Members who need more practice learning the songs, or maybe it's been a while since your current Members stretched their vocal chords.

Either way, now is a great time to incorporate the fraternal songs into your Chapter as a way to strengthen bonds.

Check out the Resource Center at phisigmapi.org/resources for the following resources to get everyone singing along:

Brother
