

The Initiate Event

During the Initiation Program, you will plan and execute an event as an Initiate Class. This is a requirement of the Initiation Program according to the National Constitution, and an opportunity for you to contribute to the Chapter by putting on an event that will be attended by all Members.

While coordinating the Initiate Event is a step toward becoming a Member, it is also an opportunity for you to bond with your fellow Initiates. Throughout this process, you will learn more about Phi Sigma Pi's ideals through the planning of an event that incorporates Scholarship, Leadership and Fellowship.

Scholarship

Scholarship in Phi Sigma Pi is about promoting a lifelong commitment to growing through acquiring knowledge.

An event that incorporates Scholarship is one that:

- Engages Members in learning outside of the classroom through attending a campus or community event
- Teaches Members a new skill
- Provides education on a critical need in the campus or local community
- Creates opportunities for Members to share their knowledge, skills and experience
- Enhances Members' understanding of the values of the Fraternity

Leadership

Leadership, which for Phi Sigma Pi Members focuses on service to others, is an equally significant ideal within our Fraternity. Through our efforts to grow as leaders, we have the opportunity to benefit the communities of which we are a part.

An event that incorporates Leadership is one that:

- Provides Members an opportunity to demonstrate their leadership skills in hosting a campus-wide service event
- Improves student life by addressing a need of the campus community
- Allows Members to volunteer their time with a local organization to improve humanity
- Recognizes the individual efforts of Members who serve the community

Fellowship

Fellowship is an important aspect of Phi Sigma Pi membership that involves growing the bonds of friendship.

An event that incorporates Fellowship is one that:

- Offers Members the opportunity to get to know one another better
- Members sharing activities and events in which they are involved so that other Members can come out to support them
