

# Activity: Dice Toss Ice Breaker

## Time

5 to 10 minutes

## Materials

- One six-sided dice per group

## Activity Directions

- 1** Have Members and Potential New Members break into small groups. If there are fewer than 10 people, consider playing as one group.
- 2** Have each Member or Potential New Member roll the dice and share facts about themselves based on the number rolled. For example, if a six is rolled, the person rolling would share six facts that someone would not know just by looking at them.

## Variations

- Use oversized inflatable or plush dice.
- If dice are not available, use a dice roll website or app.
- For a large number of people, break into smaller groups, each with one dice.
- For a small number of people, play as one group with one dice.
