

The Tripod: Leadership

Phi Sigma Pi provides the opportunity for Members to gain core leadership skills to strengthen themselves, and then, just as importantly, teaches them to apply their skills in serving others. Strong leadership inspires positive change in all facets of the Chapter, as well as the campus community. Leadership is defined as the art of motivating a group of people to act towards achieving a common goal. To Phi Sigma Pi Members, leadership is service.

In *The Ritual* the symbol of the Staff consists of a book with the pages held open by the weight of a shepherd's staff. This suggests the nature of our leadership training: "The book represents the medium through which the leader receives the principals and underlying truths basic to the skill to be developed, while the staff reminds us of our leadership heritage."
